

UNESCO Procesija "Za Križen" UNESCO "Following the Cross" Procession

Procesija je jedinstveni obred pobožnosti te izraz vjerskog i kulturnog identiteta stanovnika središnjeg dijela otoka Hvara, koji se u neprekidnom nizu odvija pet stoljeća. Procesija je kao nematerijalna kulturna baština pod zaštitom UNESCO-a.

U hodu s Velikog četvrtka na Veliki Petak procesija povezuje 6 mjesta otoka: Jelsu, Pitve, Vrisnik, Svirče, Vrbanj i Vrbošku, i stvoreno je iz šest župskih crkava (u 22 satel) započnu ophodi na čelu sa križonošom koji nosi križ (težak do 18 kilograma) u znak molbe ili zahvalnosti, kao vlastiti ili obiteljski zavjet.

Procesija je iznimna i po svom trajanju (tijekom 8 sati prođe se 25 kilometara). Okosnica procesije je Gospić plać, osmerak, pasionski tekst iz 15. stoljeća kojeg u formi glazbenog dijaloga pjevaju izabrani pjevači, kantaduri.

On Maundy Thursday before the Christian holiday of Easter, each of six villages on the island of Hvar sends out a group that will proceed through the other villages in a circle, covering twenty-five kilometres in eight hours before returning home.

Each party in this community-organized Za Križen ("Following the Cross") procession is led by a cross-bearer who walks barefoot or in socks, never resting. The cross-bearer, formerly selected from among religious brotherhoods and today chosen by registration up to twenty years in advance, has a much-desired and respected position, reflecting the devotion of the individual bearer and his family.

The procession is greeted by the priests of each of the other five villages and returns home; the cross-bearer runs the last hundred meters to receive the blessing of his home priest. A long-established and inalienable part of Hvar religious and cultural identity, the procession connects the communities of the island to each other and to the world Catholic community.
